VOTING RECORD

Elizabeth May has a deplorable voting record on issues of life, family and faith. She has voted the wrong way 93% of the time that these issues have arisen in parliament.

Bad

SANCTITY OF LIFE

May is proudly pro-abortion and even told the media that she believes abortion “is not a morally wrong decision by any means”.

In 2015, it was discovered that Elizabeth May signed onto an international declaration which urged the Canadian government to adopt a 2-child policy, similar to that which is brutally enforced by the Chinese Communist dictatorship with forced abortions and female gendercide.

On March 11, 2021, MP May voted to dramatically expand the euthanasia killing regime in Canada under Bill C-7, even extending it to people suffering from mental illness alone.

Bad

TRANSGENDER IDEOLOGY

Supports the radical, ant-scientific theories of gender identity and gender expression, and voted in favour of Bill C-16, to enshrine them in the Canadian Human Rights Act.

In 2023, she posted a statement on her website celebrating the “Transgender Day of Remembrance”, a propaganda campaign to normalize men dressing up as women and genital mutilation to imitate the opposite sex.

Bad

MARRIAGE & THE FAMILY

Elizabeth May has publicly celebrated the 2005 Liberal government legislation to abolish the true definition of marriage as the union of one man and one woman, and to replace it with one that removes natural law, the procreative purpose of marriage, and allows for non-procreative homosexual couplings to be called “marriage”.

Bad

OPEN NOMINATIONS

Green Party’s policy declaration implies that all Green MPs must vote in favour of abortion. This implies that May won’t sign the nomination papers of pro-life Canadians seeking to become a candidate.

FREE SPEECH

Is an opponent of free speech, and supports compelled speech in the of case preferred transgender pronouns. She supports the view that government should have the power to compel Canadians to utter made-up words they do not believe in, such as “Zhe” and “Zhir”, even if uttering these invented words violates their conscience or religion.

Bad

DRUGS

She supports the decriminalization of marijuana, a dangerous gateway drug to harder narcotics like heroin and cocaine.

She also supports the decriminalization of all drugs, as evidenced by her vote against a 2023 Conservative Opposition motion which called on the Trudeau Liberal government to reverse its drug legalization and public drug use policy in British Columbia.

Bad

PARENTAL RIGHTS

May is a vociferous opponent of parental rights.

She voted in favour of Justin Trudeau's so-called “conversion therapy” ban, Bill C-6, which, allows for loving parents to be jailed up to five years for helping their sexually-confused child to be in harmony with the body in which he or she was born, as a boy or a girl.
